

Denial of the Divine Guidance & the Muslims' Earned Calamities

The crime & the promised punishment

Islam's highest glory doesn't lie in mosques, minarets, Islamic arts or other artefacts. The real glory and strength of Islam lie in the Qur'anic Guidance and the rule of the most distinctive law called sharia -that were framed by none but by the All-knowing Allah Sub'hana wa Ta'la. Only because of this Divine gift, the Muslims could built the finest civilisation on earth. What could be the worst and the ugliest crime against Allah Sub'hana wa Ta'la than denial of space for His sharia and *hudud* in the courts of the Muslim states? How one can claim to be a Muslim with such a neglect of His law and the greatest wisdom in it? Such crimes never go unpunished -it is indeed His Qur'anic promise. In fact, the Muslims are already receiving the promised punishment in different forms. Deaths, defeats, occupation, destruction and humiliation by the hand of enemies are already visiting the Muslim lands.

Islam's every law and the punitive prescription reflects the greatest wisdom of Allah Sub'hana wa Ta'la. It works as a tool to enforce the Divine justice on earth and eradicate the crimes. It is indeed the humanising arm of Islam. Hence, without implementing sharia, Islam can't deliver its real benefit to the mankind. Such a policy makes His project of delivering justice non-functional. The Muslim *Ummah* does not have any shortage of people who perform the religious rituals; more than a billion do that regularly all over the world. But that rituals didn't add any glory to Islam and the Muslims; nor could end foreign occupation and humiliation.

The Muslims can emerge as the best people on earth only

because of enjoining the good deeds (*a'maru bil maruf*) and eradicating the crimes (*nehi anil munkar*) –as indicated in sura al-Imran, verse 110. For that, it needs the full enforcement of the Divine instrument called sharia. The state that implements sharia becomes the safest haven on earth –as happened in the early days of Islam. Therefore, those who stand against sharia, they indeed stand against Allah –the Almighty. It is a rebellious move to look for peace and success without the Qur'anic roadmap. On such pretext, these rebels launch a criminal war to dismantle the most crucial civilizational instrument of Islam. Because of them, the Muslims now terribly suffer from an ongoing huge internal war. This way, they could contribute more speed to the continuing downfall. This is why, in the golden days of Islam, such ruthless enemies of Islam used to get capital punishment for their heinous crime.

Allah –the All-Knower never overlooks the crimes of these monstrous enemies of Islam. So, in the holy Qur'na He depicts these enemies in real colours. Those who do not run the judiciary according to the revealed sharia and do not apply *hudud* on the convicts are branded as *kafir, zalim and fasiq*.- (Sura Maidah, verse 44, 45 and 47). Five times prayer, month-long fasting, haj and charity of these criminals can't undo such labelling. Awfully, these are the people who currently run the Muslim countries. As a result, the Muslims are deprived of the blessing of sharia law and *hudud*. It is the greatest deprivation of the Muslims; it is indeed the utter deprivation of guidance. Satan and his followers can easily claim leadership of these ideologically lost and confounded people. Which is why, even the infidels and evil ideologies get millions of followers in the Muslim countries. With such deprivation of moral guidance, how the Muslims can move forward in the right direction? Therefore, like a blind man, they fall again and again in the same hole.

A donkey -like any other animal, can't understand the worth

and importance of sharia- the highest gift of Allah Sub'hana wa Ta'la. Nor is it capable of showing any interest to implement it -although it can carry a holy Book day and night for years on its back. The people of Israel didn't show any better sense towards sharia and other Divine guidance either. They were given sharia in Taurat. They could carry it as book, too; but they failed to understand its worth and importance. As a result, they didn't show any interest to implement it. For such a sheer lack of sense and responsibility, Allah Sub'hana wa Tala made a comparison of these people of Israel with an animal like donkey. It is revealed, "The likeness of those who were entrusted with the Taurat, then they do did not take it on is like that of a donkey who carries (volumes of) books. Wretched is the example of the people who deny the signs of Allah. And Allah does not guide the wrongdoing people." -(Surah al-Jumma, verse 5). The unearned *manna and salwa* that they received in Sinai Peninsula for years couldn't help them take the guidance, rather increased their greed and cowardice.

Sharia can't be implemented in any land that stands occupied under the enemies. The enemy occupation needs to be dismantled. For that, it needs jihad against the enemies and the sacrifice of lives and wealth -as was the case with the prophet of Islam and his companions. Because of withdrawal from jihad, their land remained occupied by the enemies and the sharia revealed in Taurat didn't get any chance for the implementation. It was indeed one of the ugliest betrayals of an assigned mission; and invited the Divine punishment. They had to roam as refugees in the cities and villages of various countries in Asia, Africa and Europe. During their stay in Arabia, they also showed their deadly enmity against Islam. They even aligned with the pagan infidels to dismantle the only sharia-state at its nascent stage in Medina. Awfully, the Muslims, today, are going down the same route. They recite Qur'an, but do not bother to understand it. Nor do they bother to abide by it. They are showing the same incompetence to

understand the worth and importance of sharia. Like any *kuffar*, they too, stand firmly against the implementation of sharia in any Muslim land. They also show full alliance with the global coalition of the *kuffars* to dismantle any sharia-compliant state in any part of the World. They look like a class of neo-donkeys in the modern world. So the Christians, the Jews and the Hindus are not alone in their fight against Islam and the Muslims, the new generation of donkeys have joined their rank too. Before the colonial occupation of the *kuffars*, it was unimaginable that the Muslims will run the judiciary according to laws that are incompatible to sharia. In those days, the Muslims didn't know any other law apart from sharia. Now, it is exactly the opposite. As an ummah, they also move to the opposite direction: the direction of defeat, decadence and humiliation.

The deprivation of the religious right

It is an extreme tyranny that the Muslims are deprived of the religious right even in the Muslim lands. It is the worst calamities of occupation by the secularist enemies of Islam. In the early days of Islam, the Muslims had to engage in bloody jihad to get their religious right from the *kuffar* occupiers. But now the so-called Muslim states under the so-called Muslim rulers do not provide any peaceful option to enjoy such right either. The Muslims fight wars, sacrifice lives and build states -not only for the voting rights, civic liberty and other worldly gains. These are not the distinctive specifics of a Muslim state. Even in *kuffar* states, one can enjoy plenty of such rights. The religious right of a Muslim doesn't entail only the right of religious rituals; it is much more than that. It is the full freedom to perform the full slavery to their Supreme Lord Allah Sub'hana wa Ta'ala –the sole reason for creation of the mankind. Such slavery to the Almighty Lord includes the full practice of His revealed law (sharia), *hudud*, *shura*, *khelafa*, jihad, Muslim unity and other

obligatory Islamic fundamentals. The right to perform these Islamic obligation is million times more important than other civic rights. Voting rights, economic rights or cultural rights wouldn't save humans from the hellfire. In absence of his full slavery to Almighty Allah, a Muslim runs the real risk of entering into hellfire –the holy Qur'an is very explicit on that. But how can a Muslim perform the full slavery to his Supreme Lord when he is not allowed to practise His revealed sharia and can't dismantle the divisive walls in the Muslim World? How can he claim to be full Muslim when he can't establish *khilafa* and can't do jihad in His way? Compliance with a non-sharia state is indeed a clear marker of deficiency in faith and gross deviation from the Qur'anic straight path. Such deviation can only add more speed to the Muslims' ongoing downfall; and bring more disgrace both here and in the hereafter. Those who really worried about life in the hereafter, how they could be oblivious or callous about this serious issue?

In the days of rightly guided Caliphs, there was no electoral process like today; but the people enjoyed the full civic liberty as well as the religious right to practise full slavery to Allah Sub'hana wa Ta'la. Hence they could give birth to the best civilisation on earth. Now in most of the Muslim countries, one can practise adultery, gambling, obscenity, *riba* and other evils but can't be full Muslim! Annihilation of slavery to one Almighty Allah –as is the norm in *kuffar* and secularist occupation, opens the flash gates of slavery to other extreme evil forces. In the Muslim World, thus emerged the satanic rule of tyrannical despots. It is an irony that the Muslims show more submission to these criminal despots than to the laws of Allah Sub'hana wa Ta'la. The voting rights of the common people now proved to be a mere façade for more sinister agenda of the evil forces. So the established liars, killers, robbers, rapists, fraudsters, and manipulators enjoy a free rein to bully and bluff the people for easy electoral victory. An honest and propaganda-shy man

can't compete these devils. Hence, people like Adolf Hitler, Narendra Modi, Donald Trump and many other evil-mongers could easily use the electoral process as a ladder to grab the topmost post. In India, the voting rights couldn't protect even the survival rights of the minorities. The Muslims get beaten to death even on the suspicion of eating beef –as happened to many Indian Muslim men and women. The democratically elected governments, the party cadres and the law-enforcing agencies jointly take part in genocidal massacre against the minorities. It happened against the Muslims hundreds of times –more despicably in Gujrat (in 2002), Bombay (in 1992-93), and Muzaffarnagar (in 2013). Such massacres also took place against the Sikh in Delhi (in 1984) and against the Christians (in 2008) in many Indian provinces.

It is an irony that the disease is not confined within the enemies. It has also badly affected the people who believe in Islam and perform religious rituals. The symptoms appear through the wrong setting of their priorities. Even many pro-Islamic parties and their leaders are focussed more on achieving the voting and civic rights; and give little importance to getting the full religious rights. As if, getting a Muslim elected as the President of the country or becoming a minister or an MP is a great victory for Islam. It has proved to be a great distraction from the real Islamisation methodology –as prescribed in the holy Qur'an and practised by the prophet of Islam (peace be upon him) and the early Muslims. This is why, elections in Turkey, Pakistan, Indonesia, Bangladesh, Malaysia, and many other Muslim countries and the participation of the so-called Islamic parties didn't help getting the basic religious rights for practising the full slavery of Allah Sub'hana wa Ta'la. Because of the failed strategy, the Islamic parties couldn't show any success to take politics, judiciary, administration, education and culture onto the Qur'anic roadmap. Therefore, even repeated exercise of voting rights do not help fulfil the core purpose of survival; rather strengthen and legitimise the

secularists' occupation. Under such occupation, the whole state infrastructure does everything to take people to the hellfire. Therefore, what else could be worst catastrophe for humans than such evil occupation? Such occupation now survives in a Muslim country through Muslim vote, Muslim taxpayers' money and Muslim manpower!
